

George House Trust would like to invite you to a day conference on working with HIV positive people subject to immigration controls.

December 4th
9.30am - 4.30pm
Held at George House Trust

Frequent changes to asylum legislation and policy can make it difficult to get on top of the issues and to ensure you are offering your clients the best advice or most effective practice. Living with HIV adds a further tier of complexity. Those inside the system are confronted with issues such as poor housing, poverty, alienation and fear. After the "Slough" ruling those outside the system are facing real destitution.

The aim of this day is to demystify terminology and systems and to equip workers in the field with a working understanding of the systems and legislation that they need to know to effectively support this client group. There are creative solutions that professionals can help people to find.

Cost £40 for Voluntary Sector agencies, £60 for Statutory Sector. If you would like to come on the course but are unable to pay the fee please contact us

To book a place on this course please contact Kate Richardson kate@ght.org.uk

For more information or specific access/ disability requirements contact Daniel Murphy Daniel@ght.org.uk 0161 274 4499
