

HIV diagnoses in NW of England 1996 – 2007

The mystery of disappearing people

* NW region excluded Cumbria until 2001

** addition of Cumbria in 2001 added 34 individuals to total

	1996*	1997*	1998*	1999*	2000*	2001**	2002	2003	2004	2005	2006	2007	2008
Total diagnosed	1014	1113	1218	1410	1632	1964	2429	2988	3574	4195	4761	5212	NA
Of which <i>x</i> are 'new cases'***	288	272	277	288	335	449	617	725	814	928	907	817	NA
Net annual NW loss [Previous year's Total + this year's 'new cases' minus this year's Total]	?	1014 + 272 = 1286 - 1113 = -173 (13.45%) net loss	1113 + 277 = 1390 - 1218 = -172 (14.12%) net loss	1218 + 288 = 1506 - 1410 = -96 (6.8%) net loss	1410 + 335 = 1745 - 1632 = -113 (6.9%) net loss	1632 + 449 = 2081 - 1964 = -117 (0.59%) net loss	1964 + 617 = 2581 - 2429 = -152 (6.25%) net loss	2429 + 725 = 3154 - 2988 = -166 (5.55%) net loss	2988 + 814 = 3802 - 3574 = -228 (6.38%) net loss	3574 + 928 = 4502 - 4195 = -307 (7.3%) net loss	4195 + 907 = 5102 - 4761 = -341 (8.12%) net loss	4761 + 817 = 5578 - 5212 = -366 (7.02%) net loss	5212 + NA = ? - ? = ?
Net loss includes deaths	87	43	38	37	36	36	36	30	50	37	41	41	NA

HPA geographical data

<http://www.hpa.org.uk/webw/HPAweb&HPAwebStandard/Page/1202115502744?p=1202115502744>

*** 'new cases' means new to the NW. Mainly these are people newly diagnosed in NW, but it also includes some people who moved in that year into the region (from other English regions / nations / elsewhere in the world) who had already been diagnosed

NB HPA regional figures are of 'newly diagnosed' and differ greatly from NWPHO statistics for 'new cases' e.g. HPA Table 1 gives annual new HIV diagnoses and deaths from 1992 -2008

http://www.hpa.org.uk/web/HPAwebFile/HPAweb_C/1219735620451

**** people attending NW HIV services from outside the NW region live in Isle of Man, other English regions, Wales, Scotland, abroad
